**Take charge of your health, wellness, and success.  
Here are 10 steps that can move you closer to your goals – today.**

- Spread good vibrations wherever you go. Exude a contagious positive energy to attract light and happiness.
- Summon the energy to self-evaluate and find yourself. Think about what you've been through and take pride in what you've accomplished.
- Love yourself for who you truly are. You may have flaws and imperfections, but you are strong and beautiful. There is a goddess inside of you waiting to be awakened.
- It's okay to discover and explore the naughty and rebellious side of your sexuality. Don't be ashamed if you want to try something that society deems taboo.
- Try Yoni breathing to develop a deep connection with your vagina and your feminine essence.
- Trust the process. Becoming a confident and exuberant woman is not easy and it requires a lot of work. It's also rewarding and worth the effort.
- Regularly meditate. If you've never done it before, start small by doing some simple breathing exercises. You can even take a quiet walk to clear your head.
- Learn how to keep your body moving. Sway your hips in a sensual manner, stretch your arms and legs, and find movement that makes you feel sexy.
- Don't forget to give yourself daily affirmations. Start your day with kind words to set a positive mood.
