# 10 STEPS YOU CAN TAKE TODAY

Take charge of your health, wellness, and success.  
Here are 10 steps that can move you closer to your goals – today.

- Be smart about money. Take classes and read books that can help you become familiar with financial and investment topics.
- Make a commitment with yourself on earning more wealth in your life. Learning the secrets to financial success means nothing when there's no implementation.
- Manage your money wisely by setting aside money for savings, expenses, and investments.
- Remember the three-pronged process of financial success. It's a combination of the outer, inner, and higher work. The outer is practical, the inner is psychological-emotional, and the higher is spiritual.
- Don't succumb to the idea that someone or something is always going to rescue you. You have to take matters into your own hands and carve your own destiny.
- Find your own definition of "sacred success." It means pursuing your soul's purpose, for your own bliss, and the benefit of others, while being richly rewarded.
- Don't resist abundance or fear gaining immense wealth. Instead, embrace it and use it as a means to help others.
- Rewire your neurology, especially if you've experienced trauma. Consult with a therapist if you feel like a traumatic past is what's blocking you from becoming successful in life.
